

Thank you - Alice McCosh Trust

Thank you so much from all of us at **Friends of Holywell PTA** for supporting our application for £600, so that the school could take all of the KS1 Children to Paignton Zoo. This trip was not only a great adventure for all involved, but it supported the classroom learning focus around ecology, different habitats and how best to take care of these.

The children had an amazing day and all left inspired and keen to support the vital conservation work carried out by Wild Planet Trust – as well as thinking about the impact that they can have at school and home.

Since we visited the zoo, the Teachers have been able to sign up to the zoo's new education e-newsletter, which provides them with news throughout the year.

Without your help, we know that not all of the children would have been able to come on this trip. The cost of living crisis is impacting many people at this time and we really do appreciate your support. The children still talking about it 😊

Kind regards
Friends of Holywell PTA
